

Operations Planner

 **Based at Tanger Med 2**

 **Shift Work**

 **Transport Provided**

CAN-PLN25

As part of its development, Tanger Alliance (a company operating in port logistics) is looking for a profile corresponding to the position of "Operations Planner" to join our team.

 About the Role:

The Operations Planner can assume multiple tasks based on the operations' daily needs, which will be defined by the supervisor.

 Major Accountabilities:

- ✓ Ensure that enough handling equipments are assigned to support the planned vessels, housekeeping, and gate activities. As well as to ensure all equipments are allocated correctly to achieve high and safe productivity.
- ✓ Ensure the planning and monitoring of the complete yard process in order to achieve maximum productivity and efficiency with due consideration to vessel and gate activities.
- ✓ Ensure the delivery of an efficient and productive planning that considers the general safety rules and the ship stability during operations and in the sea.
- ✓ Ensure the preparation and communication of the terminal berthing plan as determined in close cooperation with the shipping lines and their agencies.

 Qualifications / Requirements:

- Previous experience in a similar position is a plus
- Bachelor's degree (Bac+3) or higher in logistics or any other relevant field
- Solid computer skills
- Good communication
- Good level in English
- Position based at Tanger Med 2 port
- Shift position
- Transport insured
-
